GERMANS WILL SOON BE CALLED TO VERSAILLES TO SIGN PEACE TREATY

Paris, March 19.—Another "tempest in a teapot" seems to have blown over today.

Further investigation confirmed that Foreign Minister Pichon in his statement Sunday intended no opposition to inclusion of the league of nations in the peace treaty, but merely questioned whether there was sufficient time to perfect the covenant for incorporation in the preliminary peace treaty.

The neutrals will have their opportunity to present recommendations for amendments to the constitution at tomorrow's special session, and it was believed the covenant will be in shape to place before a plenary session for open debate by Saturday.

"President Wilson apparently has approved the military, aerial and naval conditions contained in the definite armistice with Germany," said the Temps, which usually voices the ideas of the French government.

Therefore, after the council of ten deliberates on these there is nothing to prevent Marshal Foch giving the Germans 72 hours notice of cessation of the present armistice and informing them of the new permanent conditions fixing their military status. But only the military problems have been solved in this manner. Political problems have been adjourned. The question therefore probably will come up before the council whether it is not preferable to put in a permanent diplomatic document, Germany's military, political and territorial status. In this document that pact of the league of nations will be included. If this opinion prevails, subsequent sessions will be utilized for fixing Germany's frontiers, after which the Germans will be summoned to Versailles to sign the preliminaries."

BY FRED S. FERGUSON.

Paris, March 19.—The supreme war council was expected to ratify formally today the tentative agreement understood to have been reached yesterday on territorial questions of the preliminary peace treaty.

The session, which lasted from 3 to 5:30 p. m., was described as "satisfactory."

The plan of alternating formal meetings between the leaders and sessions of the supreme war council was adopted as part of the speeding up process. When the council adjourned Monday until today it was understood that several matters affecting principally the United States, Great Britain and France would be taken up. The question of both the western and eastern frontiers of Germany was said to have been thoroughly discussed.

John W. Davis, representing the United States on the reparations committee; L. H. Locheur, France and Lord Sumner, Great Britain, were called in for discussion of financial conditions of the treaty.

The big powers, it was learned today are now in practical agreement regarding the principle of working out financial affairs, namely that the final bill for reparations must be based on what experts find Germany will be able to pay over a comparatively short period of years. With the government heads already agreed on this basis fixing of the definite amount of indemnity appeared to be a matter of only a few days.

Meanwhile work is also being pushed on the league of nations covenant, which will be incorporated in the preliminary pact.

A call was sent to all neutrals yesterday to have their recommendations for changes and amendments ready for presentation at the special session of the league sub-committee tomorrow.

Japan intends to press its contention that the covenant, which is designed to establish the equality of peoples, should establish the principle of racial equality.

This was indicated when Baron Mikino and Count Chinda called on Col. House yesterday to inquire when there would be another meeting of the league committee. They intimated after their call that there had been so much talk recently about the league they merely desired to learn when the question in which they are particularly interested would be opened up, as they desire again to advance arguments in support of the reservation they made at the last plenary session.

SUES FOR \$2,000 FOR LOSS OF PANTS

Oklahoma City, Okla., March 19.—J. M. Wilkin, president of the Wilkin-Hale State Bank, returning from Fort Worth, Tex., stirred rubbed his eyes and reached for his trousers.

The Pullman porter didn't know either. The conductor shook his head so when Wilkin finished his mile and a half of unusual travel through Oklahoma City streets, he was decidedly half-satisfied.

To cover discrepancies and exposure he brought a \$2,000 suit against the railroad administration.

OIL AND GAS INTERESTS FIGHT THE MILLER BILL

Columbus, March 19.—Oil and gas interests are today making in the senate an even stronger fight than they did in the house recently to kill the Miller bill, which seeks to prevent any gas company from withdrawing service from any municipality without first getting permission to do so from the state utilities commission.

Numerous towns and villages in the Hocking valley have joined with northern Ohio cities to secure the passage of the Miller measure.

Former state civil service commissioner, Charles Bryson, of Athens, was here today explaining to senators the plight of Hocking Valley communities.

"Under present conditions the gas companies are continually raising the rate on us," Bryson said. "When we kick, they threaten to cut off service, and then our people become panic stricken and grant them the increases they demand."

Warden Thomas of the Ohio penitentiary told the judiciary committee of the house today that amendment of the indeterminate sentence law would make prison anarchists and set Ohio back 25 years in prison reform.

The committee had before it the Ake bill which would allow judges to fix a minimum to be served by the prisoners before the Ohio Clemency Board could act.

The bill has passed the senate.

FIRST TROOPS OF 37TH DIVISION REACH NEW YORK

New York, March 19.—Bringing the first troops of the 37th (Ohio) division home from the war, the steamship Harrisburg docked at Hoboken shortly after 11:30 o'clock this morning.

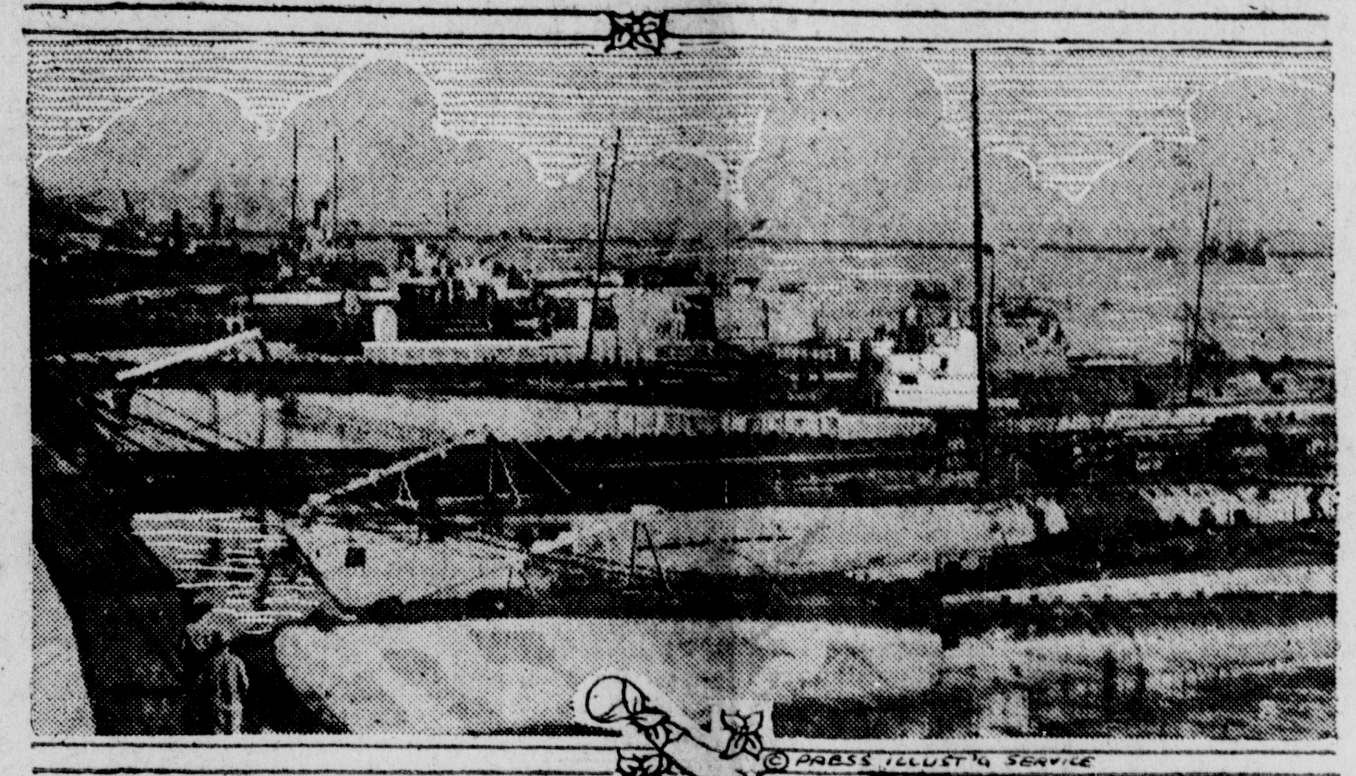

The troops were on deck as she docked, ready to be marched to the trains and ferries for distribution to the various camps to which they are assigned.

ACKERMAN IS EDITOR OF TRADE PUBLICATION

New York, March 19.—Lieutenant F. Eugene Ackerman, formerly with the United Press and the New York Herald, has been made editor of the "Export American Industries." The publication is the official international organ of the National Association of Manufacturers, and is to be printed in English, Spanish and French.

The object of the publication is to spread over the world the American economic, financial and social views, and especially to strengthen the ties between the United States and South America.

GERMAN SUBMARINES AWAIT DEATH SENTENCE AT FRENCH PORT

The Germans turned over their last submarines to the French rather than to the English and

they are seen here at Brest, the American port of debarkation in France. Note the wire-cutting at-

tachments used to cut the huge nets. The U. C. 103 is plainly visible.

MONROE DOCTRINE STRENGTHENED BY LEAGUE OF NATIONS

Paris, March 19.—Lord Cecil, British expert on the league of nations, told correspondents the British delegation considers the covenant should be a part of the preliminary peace treaty with Germany. He said he did not believe its incorporation would in anyway delay presentation of the treaty.

"If the Monroe doctrine means what I understand it to mean, non-interference in American affairs by Europeans without consent of the United States—then the doctrine is strengthened by the league, since no action could be taken under its provisions without America's consent," he said.

Asked if insertion of a special paragraph to cover this point is possible, Cecil replied:

"I doubt the advisability of putting any power in a special position in reference to the rest of the world."

Discussing Japan's contention for racial equality, he said:

"However much we sympathize with the theory of racial equality, we cannot insert such a provision in the covenant without infringing on the domestic right of individual governments."

ORGANIZED GANG OF BLACKMAILERS SOUGHT BY POLICE

Oakland, Cal., March 19.—State, county and city officials today opened a relentless search for a supposed organized gang of blackmailers, following the killing here last night of Mrs. George D. Greenwood, wife of a San Francisco banker, who was torn to pieces by an exploding bomb in her home.

Other residents of nearby cities have received numerous threats, officials said. The alleged blackmailers started a reign of terror in the hope of extorting money, they declared.

Mrs. Greenwood's death was instant. One side of the three-story house was torn away by the explosion and the woman's body hurled upon the lawn. Shreds of clothing were found hanging in trees about the yard. Dozens of windows in the neighborhood were shattered.

Threats to blow up the Greenwood home unless \$5,000 was paid to the "C. C. of C. C." were made early last year. The house was put under special guard for several weeks after the notes were received.

Cov. Stevens announced the state will offer a \$1,000 reward for capture of the perpetrators.

GREAT APPROPRIATION FOR NATIONAL ROADS

Washington, March 19.—The United States will have a total of at least \$374,000,000 for co-operative road building during the next three years, according to the terms of the Federal Aid Road Act. The Federal part of this fund is assured by an extra appropriation of \$209,000,000 in the post-office appropriation bill just passed by congress and signed by the President.

This amount of funds is the largest ever appropriated for a similar period by any government. It will enable the government to carry out a road-building program of a magnitude never equaled.

GUNMEN HOLD UP BANK

Freeport, N. Y., March 19.—Four gunmen held up the National Bank here today and escaped with \$6,000. A posse of deputy sheriffs are on the trail.

CAPITAL IN NAME ONLY

Washington, March 19.—

Besides the president and vice president, all but two of the cabinet are out of the city.

Postmaster General Burleson and Attorney General Palmer alone are here to see that some bolshevik don't try to usurp the government.

Secretaries Glass, Redfield, Wilson, Houston, Lane and Baker are on trips to various parts of the country, while Secretary Lansing is at the peace conference and Secretary Daniels is on his way to France.

In addition practically all the heads of the war emergency agencies are in Europe.

LOBBYISTS CROWD LEGISLATIVE HALLS

Columbus, March 19.—The largest lobby, both official and unofficial, that has been seen in the legislative hall of the state capitol in years is here today trying to "gum shoe" and "elbow" legislators into their way of voting on the emergency act of the Crabbe dry enforcement bill.

The measure comes up in the house this afternoon at 1:30 as a special order of business.

The dry lobbyists are on the job "to hold in line" what they claim to be the required number of voters to secure an emergency on the measure, and wet lobbyists are hanging onto what they declare are enough votes to kill the emergency.

Representatives of the Ohio Soldiers' and Sailors' Suffrage League, also are on the job. They are asking that the emergency feature of the bill be killed so that they can vote on the measure at a referendum.

While both sides claim enough votes to accomplish their purpose when the bill goes to a vote, neither is absolutely sure and won't be until the last name on the roll has been called this afternoon.

BREWERS RESUME BEER MANUFACTURE

Albany, N. Y., March 19.—With the announcement that brewers would at once resume the manufacture of beer with an alcoholic content of 2.75 per cent, it became known here that one brewery has been manufacturing beer of this strength for over a week. Robert Weigel head of the Hedrick Brewing Company, says his company resumed brewing March 10.

TAFT TO SPEAK IN DAYTON ON MONDAY, MARCH 31

Dayton, O., March 19.—Former President William Howard Taft will speak in Dayton Monday evening, March 31. He will speak at Memorial hall under auspices of the Chamber of Commerce and it is probable his discourse will bear entirely upon the league of nations and other post-war problems.

Taft has been in Dayton several times, during his term as President and since relinquishing the high office. He delivered an address in connection with the laying of the cornerstone of the Y. M. C. A. building.

For several weeks the members' council of the chamber, through Tom Kelly, has been exceedingly anxious to secure one or two men of great distinction for public addresses, digressing somewhat from the regular speaking programs of the council. After considerable correspondence with Mr. Taft, an engagement was arranged yesterday afternoon. A nominal admittance fee will be charged, but the compelling interest in the subject of a league of nations will, it is felt, bring out an assemblage to pack Memorial hall.

PORK CHOPS ARE GOING TO CONTINUE TO SOAR IN PRICE

Washington, March 19.—Pork chops are going to keep right on soaring in price, experts predicted today at the department of agriculture.

Pork, wholesale, has risen about \$2 per hundred pounds, since the government-fixed price was revoked two weeks ago. But hams, pickled pigs feet and all pork cuts will not stop there, according to the department data.

"Farmers are rushing plans to plant spring wheat to sell at \$2.25 a bushel, the government guaranteed price," said Prof. E. H. Wilcox, of the farm management bureau.

"Corn is being crowded out. According to present farmers' plans the crop will go fifty million bushels short."

"Farmers will then have to feed \$2.26 wheat to fatten hogs instead of corn at \$1.50 a bushel."

"Potatoes also may be crowded out by wheat. A boost of perhaps 25 per cent in potato prices may also be expected."

SALT RUBBED INTO WOUNDS OF GIRL

Marietta, Ga., March 19.—Mrs. Campbell, head of the Udenominational home for children here, was convicted yesterday of charges of cruelty to Sallie Clayton, one of the inmates of the institution.

Several of the children making their home at the institution testified that after whipping the Clayton girl, Mrs. Campbell removed the girl's clothing and rubbed salt and pepper into the wounds, caused by the whipping.

Mrs. Campbell was found guilty in a similar case Monday. She was sentenced to two years on the state farm.

COPY OF DISCHARGE PAPER IS SUFFICIENT

Washington, March 19.—Regulations governing the payment of \$60 bonus to honorably discharged soldiers were amended by the war department today to permit the acceptance by disbursing officials of a "true copy" of discharge certificates.

Heretofore, the original certificates were required, but it was found that many soldiers refused to part with the papers, preferring to lose the bonus rather than risk the loss of official evidence of their honorable release from the army.

All copies submitted under the amendment authorized today must be certified by the army recruiting officer nearest the soldier's residence.

HILLSBORO WOMAN SLAIN; HER HUSBAND SUSPECTED OF CRIME

Hillsboro, Ohio, March 19.—With the head nearly severed, the body of Mrs. Homer Barnes, 75 years old, was found by neighbors yesterday in a room in her home here. Her husband, Homer Barnes, 47 years old, proprietor of a picture theater, has been arrested. He is being held on suspicion.

The finding of the body of Mrs. Barnes led officers to charge that Barnes also murdered John Moses, merchant, whose mutilated body was found in his store here last Tuesday. The rear of Moses' store adjoined the rear of the Barnes theater.

When arrested Barnes was found under a haystack near the edge of town. He had attempted to drown himself, but evidently lost his nerve and swam out of the pond. His clothing was wet and he was in a nervous condition. Bloodhounds have arrived from Loveland, Ohio. They will be held here until Barnes reveals his actions for the 24 hours preceding the murder.

Barnes was arrested by Deputy Sheriff Schweinsberger and taken to the office of Marshall Walker. He refuses to make a statement.

Officials believe Mrs. Barnes was murdered about 11 o'clock yesterday morning. Her husband was found at the scene. Neighbors state that Mrs. Barnes was in her yard only a short time before she was murdered.

No motive for the killing of Moses or Mrs. Barnes has been found, but it is believed that Barnes was worried over financial affairs. He frequently had complained that he was losing money due to war conditions and the prevailing epidemic of influenza.

Several theories had been advanced, owing to the fact that Moses was a Syrian, that he had been killed by Black Hand workers, but this theory has been discredited by authorities.

Crowds gathered in the streets last night, and it is feared that if Barnes confesses having murdered his wife he will be lynched.

When the body of Moses was found last Tuesday Detectives William Nimmo and Harry Barnes, of Cincinnati, were placed on the case.

Detectives Barnes stated that upon examining the store of Moses he noted footprints leading from the rear to the rear of the adjoining theater, but that when he took the matter up with local authorities his clew was discredited upon the ground that Barnes was a prominent business man and would have no reason to commit the crime.

SIX HOUR DAY AND FIVE DAY WEEK WANTED

Indianapolis, Mar. 19.—Wage demands to be made by the coal miners of America at their next conference with the operators were to be formulated today by a sub-committee of the general policies committee, which opened a meeting in Indianapolis yesterday to decide on future action regarding labor conditions. The sub-committee was appointed by Frank J. Hayes and is composed of the district presidents or their personal representatives. It was expected that the sub-committee would make its report Thursday.

Three fundamental principles on which the sub-committee is working was laid down by Hayes in addressing the policies committee which is composed of two hundred mine-workers representatives from all over the country. They are:

A six hour day.
A five day week.
A substantial increase in the existing wage scale.

Nationalization of the coal mines, suggested by Hayes, will not be taken up at the joint conference, it was thought. He is understood to have advanced this suggestion in view of agitation for such action by the British government.

LONGWORTH DESIRES MANN TO BE SILENT

Washington, March 19.—Replying to a recent statement by Representative Mann of Illinois, Representative Longworth of Ohio, Republican, issued a statement today asking the former Republican floor leader to "keep his hands off the organization and the legislative control of the new house of representatives."

"This is the way," said Longworth, "to bring about harmony in the party. That is the way to make success in 1920 certain. Such an assurance from Mr. Mann will be greeted by acclaim by the vast majority of Republicans and by patriotic Americans generally throughout the land."

INTERURBANS WANT FINANCIAL RELIEF

A special meeting of the street car and interurban interests of every section of the state will be held Thursday morning in the Deshler Building, Columbus, to draft a request to the Ohio Legislature for financial relief.

It became known yesterday that the call for the meeting was sent out by J. Sprigg McMahon, attorney, Dayton, Ohio. It is likely that every traction system in the state will be represented.

A bill may be introduced to give to these public service corporations authority to boost fares in order to meet the increase in wages recently by the Department of Labor at Washington. It has been found that the Public Utilities Commission has no authority to grant general relief, and consequently the Legislature will be requested to open the way to increase revenues.

INTERESTING TOPICS ARE DISCUSSED AT MEETING OF CLUB

Topics inspired by the work which has been done among wounded and blinded soldiers of the world war, furnished themes for one of the most interesting meetings of the year of the Junior Womans' Club, which was held yesterday afternoon. Mrs. Harry D. Smith of North Galloway street, was the hostess.

The club has turned its attention for the entire calendar year, to matters of current interest, and nothing which it has taken up has so keenly interested the members as things pertaining to the great conflict so recently concluded.

Mrs. Ben R. McClellan, and Miss Julia McCormick furnished the club papers, the former having for her topic "The Achievements of Modern Surgery." Mrs. McClellan, through her personal observation during the time she spent in the east while her husband, Captain B. R. McClellan was engaged in his army surgical work, has a splendid fund of information concerning the marvelous work modern surgery is doing and has done for the wounded soldiers. She gave a most entertaining talk, in which she described the X-ray room at Debarcation Hospital, No. 3, New York City, where Captain McClellan was chief surgical officer, and cited a number of cases in which surgery had accomplished wonderful results.

Miss McCormick's subject was "What Some of Our Sightless People are Accomplishing." Miss McCormick recently returned from the east, and she described some of the work among the blind which is being done in the cities. She spoke of Sir Arthur Pierson, the great Englishman and publisher, who since he lost his sight, has devoted his life to working for those afflicted like himself. Sir Arthur's recent visit to this country, was recalled. Miss McCormick spoke of his wonderful work for blinded soldiers. Miss McCormick also spoke of the splendid work for the blind which is being done by the Misses Georgia and Florence Trader, at Cloverbrook Home, near Cincinnati. Both talks inspired animated discussion.

Mrs. Almada Gowdy added greatly to the pleasure of the afternoon, by singing a little group of Indian folk songs, her accompaniment being played by Mrs. Charles W. Adair.

The club members were very much interested in hearing Miss Margaret Steele tell about her visit to headquarters of the Association for Devastated France, which she made while on a recent New York trip. Miss Steele told of the work which the association is accomplishing, and talked about that which it is hoped will be done in Greene county when the campaign for relief for devastated France opens.

Mrs. Lesourd will be hostess at the next meeting of the club April 1.

FUNERAL SERVICES FOR JOSIAH BEAL

Funeral services for Josiah Beal were held at the Paintersville church Wednesday morning at 10 o'clock and were conducted by the Rev. R. S. Beaver of Ganges, a former pastor of the church. The Rev. J. V. Robinson of New Jasper assisted in the service. Three hymns were sung by a quartette composed of Mr. and Mrs. Charles Lewis, Ralph Spahr and Mrs. Charles Pickering.

Would Be a Nuisance.

Chairs so mounted that they can be raised and lowered two feet or more by the occupants, for use in motion picture and other theaters, are shown in Popular Mechanics Magazine. The advantage of these seats is that they lift the users high enough to give them a view of the stage unobstructed by persons passing to and fro in front of them—a frequent occurrence at the "movies."

Tit for Tat.

A very fat man was much amused by the ludicrous appearance of a bow-legged youth, who called upon him with a message. "By jingo," he exclaimed, "you look as if you'd been riding a barrel!" The bow-legged one smiled as he retorted: "And you look as if you'd been swallowing one!"

PHYSICIAN WANTED FOR MURDER IS ON HIS WAY HOME

Mineola, L. I., March 19.—Dr. J. M. Wilkins, wanted here for murder, telegraphed District Attorney Weeks from Baltimore today saying he would soon arrive here to testify before the grand jury.

Wilkins said in his telegram that he did not know there was a murder charge against him until he read it in the morning newspapers. He added that he was starting immediately for Mineola, to tell all he knew about the case.

COUNTY AUDITORS CALLED TO MEET ON MARCH 25TH

Columbus, Mar. 19.—The tax commission of Ohio has called a meeting of Ohio county auditors to be held here Tuesday afternoon, March 25. There will be a discussion concerning the assessment of real and personal property for taxation.

The annual meeting of the County Auditors' Association will be held here March 26. Pending legislation affecting the duties of county auditors will be discussed.

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

A Golden Feather.
The feathers of the "golden pheasant" are a source of profit, being used in the manufacture of artificial flies for salmon fishing. These birds, natives of China, are the hardest of the pheasant tribe, and are not at all troublesome to rear in this country.

Water-Proof Match.
A new safety match which is claimed to be wind-proof and water-proof will be especially useful in modern warfare. It will burn five seconds in the face of a strong wind, and when it goes out it will not start a fire, no matter where it is thrown.

EAST END NEWS

James Goodin purchased the William W. Washington property, at the corner of Second and Fair streets, Monday. The consideration was \$530.00. He expects to build a nice bungalow on this site.

Mrs. Virgie Williams is confined to her bed, because of illness.

Mrs. Frank A. Higgins is seriously ill with the pneumonia.

On last Friday afternoon Dayton gave a royal welcome to Company G, 372nd colored infantry, members of the "Red Hand" division. Two thousand colored people participated in the big parade, which was made up of various fraternal and civic organizations and soldiers from the National Soldiers' Home. Saturday's Dayton Journal devoted more than two columns in describing this celebration and has the pictures of the men from the famous "Red Hand" division across the top of the front page. Thirty of these returned heroes wear medals of honor, the French Croix de Guerre, awarded for bravery on the field of action. The parade was over the principal streets. At 6 o'clock, Friday evening, a banquet was given in their honor at Grace M. E. church, corner of Fourth and Ludlow streets, and 800 guests were served. The Journal says "chicken was the piece de resistance, and the soldier boys certainly attacked the meal with the same dash and vigor that characterized their campaign against the Hun." The banquet was closed by a fine program, in which many of Dayton's prominent citizens took part.

Miss Cora Green and Mr. George Gossett, both of Columbus, were united in marriage in that city, last Saturday evening, at 8:30. The wedding took place at the home of the bride's parents in the presence of the family and a few friends of the contracting parties. The bride and groom came to this city Saturday night, accompanied by Mrs. W. O. Rickman, a sister to the bride, and they are spending a few days of their honeymoon with Mr. and Mrs. W. O. Rickman. They will leave about the middle of

the week for Springfield, where they will spend a few days with the groom's relatives. Then they will return to Columbus, where they expect to make their future home. Mr. Gossett has a state civil service position in Columbus.

Mrs. W. O. Rickman spent last week in Columbus, visiting relatives. St. John's A. M. E. church choir practice Wednesday night at 8:30. All members are requested to be present at that time.

St. John's A. M. E. church prayer meeting Wednesday evening, from 7:30 to 8:30. The meetings are growing in interest and attendance. The membership and the public are invited.

Mrs. Albert Scott is confined to the house because of illness. Mr. Joseph Robinson is quite ill with the tonsillitis.

Several local boys who have seen overseas service, came in yesterday. They were discharged at Camp Sherman.

Mrs. Georgianna Jamison of East Third street is slowly improving. She was taken suddenly ill a few days ago.

Mr. Joseph Robinson is confined to his bed at his home on East Church street suffering from a severe case of influenza and tonsillitis.

Baldness Caused by Wax.

Baldness due to hardening of earwax has been reported in two cases by Dr. J. Derolde, a French physician. In both patients, men of 32 and 52 years respectively, bald patches had appeared on the back and both sides of the head, and careful examination of mouth, teeth, throat, nose and chest revealed no exciting cause. Both ears of each man were closed by wax. In the second week after removal of these plugs, new hair began to grow, and it soon became firm and abundant.

CHARMING AFFAIR IS RECEPTION GIVEN BY MRS. NESBITT

The very spirit of spring radiated from the adornments of her home when Mrs. Daisy Nesbitt received 200 guests Tuesday afternoon, to meet Mrs. Wright P. Maddux, a recent bride.

Green and violet tints, the colors of the budding spring, decked the home. There were violet sweet peas, and the dainty and fragrant English violets spreading their delicate perfume. The dining room was like a spring bower. Green ribbons attached to the chandelier ended in great bows at the corners of the table, which was centered by a chain of connecting crystal vases filled with sweet peas. At intervals about this center piece were small crystal baskets full of English violets. A crystal candelabrum at each corner of the table held a green candle. The window shades were drawn, and the artificial lights cast a pretty glow over the attractive scene. Primroses in pots, ferns and sweet peas and candles were used about the rooms.

Little Betty and Helen Reutinger, dainty misses in white frocks, one wearing green and the other lavender ribbons, met the guests at the door. Mrs. Nesbitt received in a handsome gown of brown crepe de chine, with over-dress of brown georgette crepe with blue roses, and trimmed with turquoise ribbon. Her corsage bouquet was of violets. Mrs. Maddux was looking lovely in lavender indestructible voile with trimmings in the same shade, and her flowers were a corsage of lavender sweet peas.

In the dining room, pouring coffee, were Mrs. Clyde Scott, Mrs. H. B. Thompson and the Misses Dorothy Faulkner and Edna Balder.

Assisting in the hospitalities were: Mrs. L. H. Hartsook, Mrs. Thomas Faulkner, Mrs. T. C. Long, Mrs. Anna Haverstick, Mrs. Lester Buell, Mrs. C. W. Linkhart, Mrs. Clara Reutinger, Mrs. Nettie Madden of Norwood, Mrs. Frank Scott, Mrs. Charles A. Kelbie, Mrs. Lysander Peterson.

A program of harp music was given during the afternoon by Satalia.

A salad course and ice cream course were served, and the green and violet tints were carried out in the ice and mints.

Guests were invited from one thirty until five o'clock, and among those who called were the following from out of the city: Mrs. Carl Hooven of Dayton; Mrs. Jesse Taylor of Jamestown; Mrs. Seth Snowden and Mrs. Clarence Paukett of Wilmington; Mrs. Ward Smith, Mrs. Dayton Lewis and Mrs. Fred Putnam of Frankfort.

JAMESTOWN

We notice that Jamestown has announced the annual fair, to take place in early autumn. Now why not have a Chautauqua as well. This was suspended last year on account of war activities, to which the people of Jamestown responded generously and cheerfully. So why not now, everybody pull together and launch a good Chautauqua in 1919.

Mrs. J. A. Cargill has been called to Dayton on account of the illness of their daughter.

There has been an epidemic of colds among the little folks of Jamestown, some of which have been quite ill.

Afrod Ogan of Dayton, was home over Sunday with his parents, Dr. and Mrs. F. W. Ogan.

Mr. J. D. King who recently sold his department store in Jamestown has gone to Xenia and is in charge of the J. H. Long Creamery station. Mr. King will move his family as soon as he can get a suitable residence in Xenia.

Jack Riggs and his friend Russell Greenwald of Dayton, were guests of Mr. C. N. Smith the first of the week.

Mr. John Tomlinson is removing to his new home, and Lieutenant W. M. Henry, a veterinary, who comes with his family from New Vienna, will occupy the house of Mr. Tomlinson which he has vacated on Main street.

Mrs. Margaret Sebring of Columbus is the guest of her daughter, Mrs. J. Clarke Lackey.

Mrs. Charles Coulter has had a visit from her father, Mr. J. C. Barber, of Cedarville.

A number of the members of the Jamestown chapter of the Eastern Star went to Cedarville on Tuesday evening to assist in instituting a chapter in that town.

THEATERS

BIJOU
"Under Four Flags," the United States government war picture, issued by the committee on public information, and rated as the most comprehensive picture history of the world war ever produced, will be shown at the Bijou Theatre, Thursday matinee and night.

The picture was taken by photographers of the U. S. Signal Corps, Navy and Allied armies, and crams in its five reels, stirring and truthful scenes of the last great stand of the Prussians. The picture is the third issued by the government and gives a complete pictorial description of the battles in which our boys participated. The grim war is visualized in stirring scenes throughout the picture and to the citizen of today it is a lesson in history that should not be omitted by anyone. The booking of the picture truly marks an epoch in the history of the Bijou.

ORPHIUM
That clever and popular team, Carlyle Blackwell and Evelyn Greeley will be seen at the Orphium theatre again Thursday in their latest World picture release, "Hitting The Trail."

The story is of love and regeneration born of reformation. It depicts the meeting of Kid Kelly, leader of a band of crooks with Flo Haines, a product of the East Side, but one who has followed the straight and narrow and who is a leader in an East Side mission. Little Dan Cupid kicks in at this juncture and he escorts the pair to a most happy finale.

BOYS CALLED UP 'ON THE CARPET' FOR STEALING EATS

Five High School boys, sons of prominent families, are beginning to feel that the theft of jams and jellies from the home of Deputy Sheriff George A. Birch, on North King street, was not the "lark" they intended it to be considered.

The lads confessed to Sheriff Funderburg and Deputy Sheriff Birch that on two occasions they visited the Birch home and stole 13 glasses of strawberry and raspberry jam and jelly from the pantry shelves, by reaching through the window.

The sweets were carried to a local drug store, where the lads used them as "dope" for ice cream. All might have been well had not the lads themselves considered their escapade such a "joke" that they told it about among their companions, with the result that they were called before officials, and severely reprimanded and ordered to remain off the streets after dark.

It is said that the boys made their first visit to the Birch home one night while young folks in the home were having a party. The boys intended making off with the refreshments. Finding none when they cautiously opened the pantry window, they chanced upon the jam, which had been put up for family use, and carried some of it off. It was so delicious and so tempting that a few nights later another raid was made on the Birch pantry, two other boys joining the party. The boys said that one of their number stood on the window sill and handed the glasses of jam out to his companions. The entire stock of jam might have eventually disappeared had not the family learned the cause of the disappearance.

The lads began to realize that their escapade was serious, and not a mere boyish prank, when they were called before officials and made to understand that their act was plain theft. They promised to pay for the jam they had stolen.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstoping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

KRUG'S BREAD BUTTER NUT or HOLSUM

cut it into slices, using care to keep the slices in rotation, press them together, place in a pan and put into a Hot Oven until heated through.

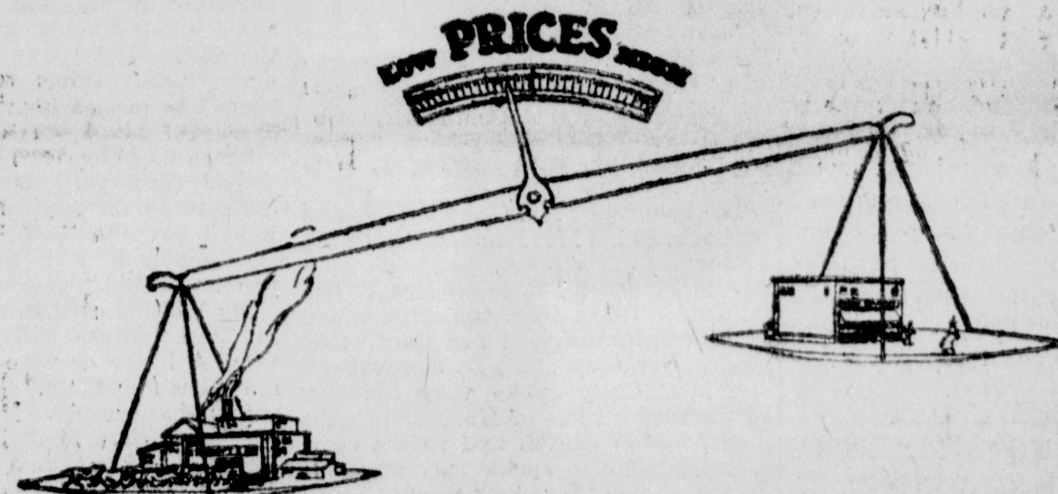

Serve at once with good butter.

You'll find this method of serving bread will answer all HOT BREAD purposes and brings out the tasty flavor of each slice.

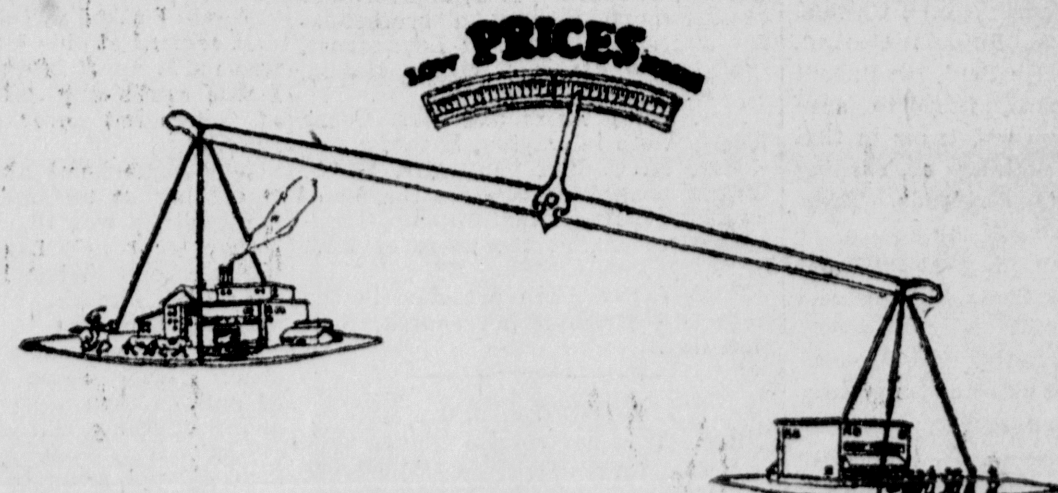

Be sure to use KRUG'S BREAD—Butter Nut or Holsum—it's different from ordinary bread, yet it costs you not one cent more.

Why Prices Go Up and Down

Much Livestock, Few Meat Buyers; Meat Prices Fall

Little Livestock, Many Meat Buyers; Meat Prices Rise

This shows why prices fluctuate. The number of animals shipped to market varies from week to week. The demand for meat also changes frequently, and often unexpectedly.

This means that live-stock prices and wholesale meat prices change from day to day. Competition determines prices so that the supply on hand at any one time is just taken up by the demand.

Swift & Company doesn't like these price changes. We have to use the utmost skill in buying and selling in order to get our average profit of a fraction of a cent per pound of meat.

THE CHURCH AND THE LEAGUE OF NATIONS.

Never in the history of the world has there been a proposal so profoundly congenial to the christian spirit. The League of Nations arrests the imagination and stirs the mind in proportion as there is lodged the temper and outlook of the New Testament.

The voice of the christian church in all lands should make itself heard in its loftiest tones and with invincible might. If we miss this vast success now, we miss for an age. The league is as sure to come as the Kingdom of God. It is for us to decide whether, having borne the incredible loss, we should not enjoy some foretaste of the immeasurable gain.

What we need just now is a baptism of the spiritual imagination, a vision of the possibilities of life, religion and the world, under the dominance of a just and invincible league like the league proposed and accepted at the Peace Congress. A lofty and spiritual vision proclaimed by the churches might create an atmosphere in which all things would be possible.

There is no denying, as Mr. Asquith pointed out the other day, the subtle and sinister, the closely organized and age-long forces banded against the entire project—deriding it in the name of the gods. This opposition, whether open or secret, cannot live save in an atmosphere of distrust. It feeds on resentment, fear, passion and prejudice, and propagates that which it feeds upon.

The office of the christian church is to challenge and close the very sources of this atmosphere. Surely the revolt of humanity against the horrors of war gives the church a great opportunity. Nothing could be healthier for the church just now than a resolute attempt to cast out devils in the name of the Lord.—Western Christian Advocate.

THIS SEEMS TO SETTLE THE RAILROAD QUESTION.

For a winter month December was uncommonly favorable to railroad operation. The Pennsylvania, Chicago and Northwestern, Illinois Central, Great Northern, St. Paul, and about eighty other roads, failed to earn operating expenses and taxes in that month—to say nothing of earning bond interest or dividends. Those mentioned have long been known as strong roads. Others in that category, like the New York Central, barely met expenses and taxes.

In spite of the twenty-five-per-cent advance in freight rates and a greater advance in passenger fares, and of maximum business, only the Government's guaranty stands between the rail system and bankruptcy—so greatly have wages and other expenses risen.

Return to private management, with adequate safeguards both for the public and the railroads, and government guaranty of a minimum return upon the capital invested, looks more necessary as each monthly report comes in.

We expect that when the record is made up the question of government ownership and operation will have been definitely settled for many years.—Saturday Evening Post.

WEIGHING THE EVIDENCE.

Every war has been followed by bitter controversy, by charges of inefficient and dishonest administration. This is inevitable, and is one of the great reasons for doing away with war, for out of these controversies rise feuds and bitterness poisoning the public life long after the real conflict is over.

Toward these complaints the public should, in so far as possible, preserve the attitude of the open mind. Before adding his voice to the chorus, each individual should be sure of his facts, and whether the particular thing he has in mind was avoidable, or whether it was, after all simply a condition of war.

War gives rise to no comfortable conditions or happy situations. It means, per se, hunger and cold and discomfort, delayed food and often hurried or insufficient medical attention. It means exposure to mud and rain and snow. These things are as inseparable from war as the fighting, but accompanied by none of the glamor.

Where there is a case proved against the conduct of the war, which can be separated from personal bias, it should be brought forward, of course. No one wants to shield the guilty.

But it will be greatly for the public good if people generally will weigh carefully what they hear, and think carefully before they add their disturbing ideas to a world already disturbed to the breaking point.

Miss Hester Dean spent the week end in Dayton, with her sister, Mrs. Milton Antrim.

The funeral of Mr. Gilbert C. Hanna was held at his late home, Sabbath afternoon, at 2 o'clock, and was conducted by Dr. W. R. McChesney. His text was taken from the 5th chapter of Matthew, "Blessed are they that mourn, for they shall be comforted." Dr. McChesney spoke very tenderly of the faithful life of Mr. Hannan in the home, in the church and in the community, and also spoke very comforting to the wife and children. Those who were here to attend the funeral from a distance were: Mr. Adam Hanna, a brother, Mr. Elliot Ireland, a nephew, of Idaville, Ind.; and Mr. and Mrs. Samuel Keever, a brother-in-law and sister-in-law, of Loganport, Ind., and a son, Rev. Milton Hanna, of Seston, Ill.

Mrs. Leroy Allen and Mrs. Oscar Wesley were in Dayton, Saturday.

Mrs. W. C. Hiff and Mrs. S. C. Wright were hostesses for the members of the Home Culture club, Tuesday afternoon, at the home of Mrs. Hiff.

Prof. Leroy Allen preached in the Reformed Presbyterian church, Sabbath day.

THE PROMOTER'S WIFE

BY JANE PHELPS.

MR. FREDERICK OFFERS TO BE BARBARA'S FRIEND.

CHAPTER XXXIX.

"I want to be your friend," Mrs. Forbes—if you ever should need one," Mr. Frederick was saying. "I am a bluff man, but there may come a time when you will be able to make use of me. Will you promise me that if there is such a time, that you will send for me?" he smiled at me, but his eyes were serious.

I almost laughed, it was so like some of the stories I had read. Was Mr. Frederick in love with me? I dismissed the thought at once. There had been absolutely nothing in his behavior to suggest such a thing; and I blushed boldly at my egotistical thought. But why should he be melodramatic—that was what it appeared to me. I laughed a little embarrassed laugh, then replied:

"I can't imagine a time when I should need you,—anyone, save Mr. Forbes—to do anything for me, but I will promise that if such a time ever comes I will remember what you have said."

He laid his card in my lap. "That address will always reach me. A letter or wire there will find me wherever I am."

I made no reply. None was needed. But after Mr. Frederick had left me at home, and bade me good-bye because he was leaving town that afternoon, I decided that he had come to see me that morning simply to say that if I needed a friend, he would serve me.

Again I asked myself WHY? It seemed at this time that my life was made up of interrogation points. I was continually asking the WHY of things but never getting an answer.

Neil came home about 3 o'clock—something so unusual for him, that I feared he was ill. His face had grown gray and haggard since the night before. When I commenced to fuss over him, he waved me aside, and said hoarsely:

"For heaven's sake, Bab, don't do that! I came home because I needed rest. If you are going to rag me about anything, I'll go back to the office."

"I did not mean to rag you, dear. You looked tired and I felt anxious," I was conciliatory, as usual.

"Well, I AM tired, dead tired. So tired I don't want to talk to you or anyone else." He threw himself upon the lounge in the library and closed his eyes. But I knew he was not sleeping. A spasm would occasionally cross his face, and his hands were clenched until the knuckles stood out white and sharp against the dark cover I had thrown over him.

It was nearly two hours later when he rose, bathed and dressed for dinner. He was more like himself, and when Tonko had brought him his evening paper, I ventured:

"Isn't it dreadful about Payne Orton?" I could keep silence no longer.

I must know something of his interest in this man's death.

"Terrible. Poor Blanche."

"Did she appear to feel very badly?"

Neil looked curiously at me, as if he did not grasp my meaning. I repeated my question.

"How should I know? I haven't seen her. But it is natural to suppose such a thing would be an awful shock to her."

I felt like singing, for joy. A terrible weight seemed to be lifted from my heart. Neil had not been with Blanche Orton. Foolish me, to have sat all night eating my heart out with fear and jealousy. I would never mistrust him again, I vowed, never condemn him until I was sure. Mr. Frederick was here today. I said, lacking strength for anything save commonplaces.

"What did he want?" a suspicious glance at me.

"Nothing, save to say good-bye. He is leaving this afternoon. I thought of course you saw Mrs. Orton last night, Neil. You remember you went out as soon as you had answered the phone. I was so anxious when you did not return. I hoped he might explain his absence."

"Trust a woman for putting her own construction upon everything a man does."

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver And Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." adv

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

WALTER NOOKS IS ARRESTED AGAIN FOR DESERTION

Walter Nooks, colored, wanted on a charge of desertion from the army at Camp Sherman, was arrested by Sheriff Funderburg and Deputy Sheriff Birch Tuesday afternoon, between Jamestown and Cedarville. He was brought to this city and locked up in jail pending the arrival of a military officer to return him to camp. Nooks has deserted from the army three times. When placed under arrest Tuesday, he was in a buggy with his brother, and was dressed in civilian's clothes.

Had a Narrow Escape.

"Yes, sir," remarked the pompous individual in the noisy clothes, "I'm a self-made man, sir—and the architect of my own fortune." "Well," rejoined the matter-of-fact person addressed, "it's a lucky thing for you that the building inspector didn't come along at the time."—London Tit-Bits.

NATURAL GAS SUPPLY SHORT IN THIS STATE

Columbus, O., March 19.—That municipalities of Ohio should begin now to prepare to use artificial gas when natural gas gives out, was the assertion W. B. Cockley, attorney for the East Ohio Gas company, made before the senate committee on public utilities last night.

Cockley spoke in opposition to the bill prepared by Representative Miller of Stark county, which would require gas companies and other utilities to submit to a hearing before the state public utilities commission before they can abandon service in any community, whether they have a franchise or not.

Cockley said his company and other gas companies were preparing to go into the artificial gas business. If the West Virginia law limiting the transportation of gas from that state into Ohio is upheld, he declared Ohio municipalities now receiving natural gas would be hard hit. He said his company was making no more long term contracts to furnish gas, because of the failure of the supply.

The Miller bill is the outgrowth of a fight made by the city of Alliance to compel the East Ohio company to continue to furnish it with gas.

The bill has passed the house and is now before the senate public utilities committee for action.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble. adv

XENIA CENTER IS LINED UP AGAINST AN ALL-OHIO MAN

When center "Bruno" Ball was trying to get the jump in the Xenia Middletown game at the state tournament last week, the game in which the locals were eliminated, he did not know that he was playing against all-state material.

Vail, the rangy Middletown center, was picked on the all-Ohio inter-scholastic team by a committee consisting of Trautman and Martin, referees at the tournament and A. B. Mackie, a newspaperman, who covered the games. Picked for a position on the all-state team of 43 teams is quite an honor and the Middletown lad must be a fast center to attain this position. He secured five field goals off of "Bruno" in the Middletown game, which really is not bad considering that it is the local lad's first year in High School basketball and that he was playing against all-Ohio material.

The winning of the state tournament by Stivers over Cleveland East Tech by defeating the latter 25-22 was truly an example of Stivers style of play. Three Dayton lads were tossed out of the line-up because of personal fouls, and due to the fact that only seven men are permitted to play, the team had to play the last eight minutes of the game with only four men. That they won with this handicap is naturally to their credit but the fact that three men were ejected from the game on personal fouls does not look well when written on the pages of Ohio basketball history.

MEN'S BIBLE CLASS ENTERTAIN FOR THE WOMEN'S BIBLE CLASS

ELIZA HYSLOP CARRUTHERS

What constitutes true happiness?

Different definitions might be cited. Observation teaches us it cannot always be obtained by external surroundings. A person may be wealthy in this world's goods and not possess it. He may occupy the highest place in this world and not have it—but he who trusteth in the Lord, no matter what may be the outward circumstances, may possess it. This is the best, the truest definition and it was illustrated last Friday evening when the Women's Bible Class of the First U. P. church was entertained by the Men's Class at the beautiful, modern country home of Mr. and Mrs. W. J. Cherry, on the Federal pike.

The elements had been weeping all morning but by evening the rain had cleared as if for the occasion and rendered it ideal. The two classes, numbering about seventy five, were whirled out in autos and attracted the attention of the curious beholder on the roadside. The residence was easily discernible at long distance, as

HAVE DARK HAIR AND LOOK YOUNG

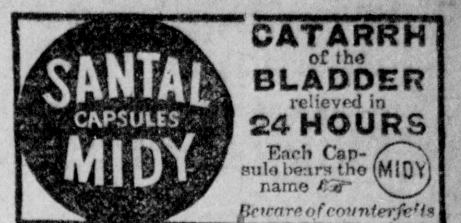

Nobody can tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

not only the house but outward surroundings were brilliantly illuminated. Happy faces were in the men's receiving line; happy faces were in the promiscuous receiving rooms—every one trying to see who could talk the loudest and act the jolliest. Games were introduced and all were boys and girls once more. The first one was both interesting and instructive, managed by Mrs. Cherry; then we had charades and comic songs that certainly "drove the cobwebs from the brain"; then refreshments bountifully supplied by the men, showing they would not be outdone by the women on a former occasion. Before separating, a hearty vote of thanks was expressed by the women, and Dr. Johnson read a portion of Scripture and led in prayer. All pronounced it an occasion of TRUE HAPPINESS. Next?

**WEAKNESS REMAINS
LONG AFTER
Influenza**

Reports Show That Strength,
Energy and Ambition Re-
turn Very Slowly to Grippe
Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

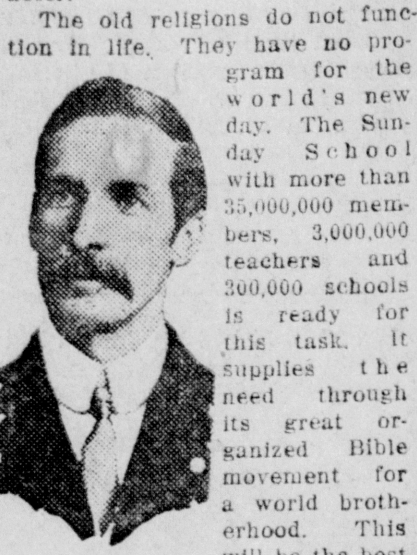

Bio-feren is sold by Sayre & Hemphill, Xenia, Ohio, and all reliable druggists, and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin, Calcium Glycero-phosphate, Iron Peptonate, Manganese Peptonate, Ext. Nux. Vomica, Powdered Gentian, Phosphoric Acid, Oleic Acid, Capsicum, Kolo.

SUNDAY SCHOOL
IS BEST ANTIDOTE
FOR BOLSHEVISM

THE world is looking to America for leadership in religious education. America has been getting ready for this leadership. The whole world is wide open for our plans. The greatest need of the world is character. The Sunday School is the world's greatest institution for developing character.

FRANK L. BROWN,
General Secretary
World's S. S. Assn.

The old religions do not function in life. They have no program for the world's new day. The Sunday School with more than 35,000,000 members, 3,000,000 teachers and 300,000 schools is ready for this task. It supplies the need through its great organized Bible movement for a world brotherhood. This will be the best antidote for Bolshevism.

The Sunday School must step into the gap by the separation of church and state in training a generation in righteousness of life and regard for the rights of others. In Germany, Greece and Russia church and state will be separate. Russia and Greece are asking for our Sunday School plans.

We must sell the Sunday School goods in every market of the world. Only thus can the world meet the need of character strong enough to meet the challenge of the new day. The next World's convention at Tokyo, Japan, in October, 1920, will bring thousands of representatives from 60 countries. This gathering will stand for world brotherhood, character, and true internationalism.

Mrs. Charles Ritenour was a visitor in Springfield last week. She reports all of her folks much better.

Earl Pitstick has enrolled in the high school.

Under the leadership of Marie Little the young people beyond school age are expecting to give a play. Watch for date soon.

M. K. Ritenour and wife and Supt. Ellis and family visited Mr. and Mrs. Simpson last week. Games were played.

Our basketball boys expect to play one or two return games that they owe. They have fine new suits, red and black.

F. M. Ellis and wife of Port William, spent Sunday with M. Jay Ellis and family of the Grove.

Some of our drivers are contemplating using trucks for hauling the children. One or two are now using machines.

Frank Lackey, who has been on the sick list most of the winter, is again as well as usual. We are glad to see him helping with the things of the community again.

Ritenour & Little are cutting off considerable timber from the Swaney farm and improving it in several ways.

Our B. B. boys like all other teams in the county, except Xenia, were defeated at the tournament.

M. Jay Ellis is writing considerable auto insurance, fire, theft and accident, for his friends.

The Klontz property will be taken by the McPherson family.

The Long brothers are doing good business with their grocery.

The Ross High School boys expect to have a baseball team this spring.

COW OWNED BY P. H.
FLYNN AND SON MAKES
HIGH RECORD IN TEST

"Calico," an eight year old registered Holstein cow belonging to P. H. Flynn and Son, made the highest record for butter fat of any of the animals tested by the Greene County Co-operative Cow Testing Association during February.

This cow tested 64.35 pounds of butter fat or 3.9 per cent., from 1650 pounds of milk. She heads a list of 41 cows in the Association, which have produced more than 40 pounds of butter fat during the thirty day period ending March 3.

P. H. Flynn and Son also furnished the cow which tested second highest. Ormsby, a registered Holstein eight year old, which produced 62.22 pounds of butter fat from 1830 pounds of milk. "Black Beauty," denoted on the tester's record as "mixed," the property of H.R. Armstrong, stands third in the list with 1413 pounds of milk and 60.76 pounds of butter fat, or 4.3 per cent. of the milk supplied.

Other cows tested made excellent records from smaller quantities of milk. A Jersey belonging to R. D. Shepard produced only 88.8 pounds of milk, but the percentage of butter fat obtained was 5.8 per cent., a total of 51.50 pounds of butter fat. "Cassie," a Jersey cow the property of J. C. Short, produced 44.55 pounds of butter fat, a percentage of 6.6, from 675 pounds of milk. A Jersey belonging to Frank Routzong produced 6.1 per cent. of fat from 678 pounds of milk.

The Greene County Co-operative Cow Testing Association has been in existence only thirty days, and Leroy C. Short is employed as official tester.

Mr. Short made a report of his individual tests for the month. He says: The first month's testing has brought out some interesting figures. Feed costs per 100 pounds, milk range from \$4.28 to \$1.58 with an average of \$2.42. Butter fat costs ranged from 96c per lb. to 36c, with the average 63.26 cents. Every herd, from which the cream was sold, operated at a loss; the average price received being 46.2 cents. The highest returns per dollar invested in feed was \$2.24. The lowest 64 cents. The total cost of feed for the month was \$4,889.71. The total income received \$7,242.99 leaving a total income above feed cost of \$2,353.28. These figures do not take the labor cost into consideration which would materially reduce the profit per cow.

The total yield of milk, 202647 lbs. The total yield of butter fat, 7723.41 lbs. The average test, 3.81 per cent. Herds visited 25, total number cows, 346.

Public Sales

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In these days of automobiles the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It is the buyer from a distance who sees your ad in this paper, who jumps in to his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

PUBLIC SALE—Mech. 20th, at 12:30 o'clock, at my farm, known as the old St. John farm, 1 1/2 miles N. E. of Spring Valley, 5 1/2 miles S. QUESTIONS ABOUT HUGHES HEALTH BILL ANSWERED FOR OUR READERS

What Is the Hughes Health District Bill?

It is a measure now before the legislature, reorganizing local health administration in Ohio and dividing the state into health districts.

Of What Do These Districts Consist?

Each city of 25,000 population or over constitutes a "municipal health district" and the territory in each county outside such cities constitutes a "general health district." Provision is made that cities from 10,000 to 25,000 population which now have efficient health departments may continue as separate districts, that general districts may combine by voluntary action and that a general district may contract with a municipal district to have the latter take charge of health administration in the county.

How Many Districts Will There Be Under This Plan?

Approximately one hundred. We have 88 counties and 14 cities with more than 25,000 population.

What Is Our Present Health System?

Each municipality and each township constitutes a health district, making approximately 2,150 districts in all.

What Are the Defects of This System?

The districts are so small that they can not employ capable health officers; most of these officials devote very little time to their health duties; have no training in public health work and draw salaries averaging, in the townships and villages, about \$25 a year.

How Are These Defects Remedied in the Proposed System?

The districts established by the Hughes bill are required to employ, whole-time health officers, with an adequate force of assistants, and are large enough to finance an adequate health department for each district. Civil service examinations are provided as a pre-requisite to appointments to district health positions, thus insuring the employment of capable workers.

What Is Meant by "A Capable Health Officer?"

A capable health officer is a man trained in the science of preventing disease and equipped with administrative ability to put his principles into practice. Except in a few of our cities, present local health officers know little or nothing of disease prevention and confine their activities largely to quarantine work, much of which could be avoided by preventing contagious diseases.

Can Much Sickness Be Prevented?

Most contagious diseases can be partially or almost entirely prevented. Much sickness due to physical defects can be prevented by correcting the defects. Deaths of babies are mostly due to preventable causes.

Is the Need For Disease Prevention Serious in Ohio?

Is very serious. In 1918, 23,339 Ohioans died from diseases known to be to a great or less extent preventable. In addition there were many more cases of these diseases in which the patients recovered. The total cost of these cases and deaths to the people of the state, counting value of lives lost, funeral expenses, medical and nursing costs and wage loss, has been estimated at more than \$142,000,000 for this one year. Smallpox alone—an entirely preventable disease—had 12,000 cases and cost approximately a million dollars. Typhoid fever, also easily preventable, caused a similarly heavy loss. One in every ten babies born in the state dies before it is a year old; most of these deaths are due to preventable disorders. Practically all diphtheria deaths could be prevented, but this disease causes an average of 800 deaths a year in Ohio.

How Can One Know That the Proposed Reorganization Would Work Out in Practice to Prevent These Diseases?

By the fact that efficient local health organization has brought about enormous reductions in disease prevalence in other states. California has reduced typhoid fever to a point far below the Ohio figures. Few states have had as much smallpox in recent years as Ohio. New Zealand, by effective health work, has reduced her baby death rate to a point only half as high as Ohio. Even while the war was at its height, England succeeded in materially reducing her infant death rate.

Why Can Not These Results Be Achieved Under the Present System?

The lack of an efficient corps of workers in the small communities and rural districts ties the hands of the State Department of Health in its efforts to improve health conditions in these localities. It can make regulations and suggestions, but has no one to carry them out in most parts of the state.

Does the Hughes Bill Confine Itself to Providing For District Organization?

In addition to establishing and organizing districts, it outlines the duties of district health officials. Among the matters provided for are: Medical supervision and inspection of schools, free treatment of venereal diseases, protection of food products against infection, sanitary inspection of public institutions, free public health laboratories for all districts, free distribution of diphtheria antitoxin.

How Are the Districts to Be Financed?

An annual budget is to be drawn up by each district board of health. In general (county) districts estimated expenditures are to be apportioned among townships and municipalities on a basis of population. The board's budget must be approved by the chairmen of trustees of these townships and the mayors of these municipalities, sitting together as a district advisory council. In municipal districts health expenditures are to be made out of the ordinary city revenues. The state is to pay to each district an amount equal to one-third the salary paid by the district to its health officer, one nurse and one clerk, with the proviso that this subsidy shall not exceed \$2,000 in any year.

Does the Hughes Bill Centralize Health Administration in the State Health Department?

It does not. The local boards are required to carry out regulations of the State Department of Health and to perform the duties laid down for them in the bill, but they are left free to adopt and enforce any local regulations which do not conflict with the law or with state regulations.

THREE CORNERED LEGAL BATTLE IN COMMON PLEAS COURT

A three-cornered legal battle began in common pleas court, Tuesday morning, when the trial of the damage suit of Robert Oglesbee against H. E. Schmidt opened before a jury, with Judge Clevenger of Wilmington on the bench.

The Baltimore & Ohio Railroad Company was made a party defendant to the action through the application of Mr. Schmidt's counsel, who contend that the railroad company, and not their client, was the culprit, if anybody was to blame for the injuries sustained by Mr. Oglesbee. The accident happened in November, 1917, when Mr. Oglesbee was struck by a truck belonging to the defendant, H. E. Schmidt, after the truck had been hit by an engine at the B. & O. South Detroit street crossing.

The jury in the case is composed of: H. D. Buckles, J. C. Hunter, Jacob Smith, George Stiller, Jacob Stewart, Charles Adair, Henry Rector, Jacob Hargrave, Fred Graham, Henry Slagle, George Devilliss and A. E. Kildow. Counsel in the case consists of M. J. Hartley, Miller and Finney, representing Mr. Oglesbee; Shoup and Johnson and Con Mattern for Mr. Schmidt, and Smith and Smith and Marshall for the railroad company.

LAST CALL FOR TAX ON TOBACCO, CIGARS AND LIQUOR

Attention of tobacco and liquor dealers is called to the fact that floor tax on cigars, tobacco and liquor must be in the Cincinnati office of the Internal Revenue Collector by March 25. Those who do not have their returns in by that time will be subject to the penalty provided by the law.

This is the announcement of Deputy Revenue Collector H. A. Higgins, who is endeavoring to get the dealers to get their floor tax returns and the remittances in before the final date. They are instructed to make out their returns and send the money with them to the Cincinnati office. The local inspector will then be around to inspect the duplicate which they must keep. Dealers are warned however, to have the original in the Cincinnati office without waiting on the local inspector.

INDIAN MEDICINE MEN

In the Indian Tribe one finds the "Medicine Man,"—one versed in the healing art of roots, herbs, leaves and barks. In these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe. To such good, old-fashioned roots and herbs Lydia E. Pinkham's Vegetable Compound, the most efficient remedy in the world for female ills, owes its success. For forty-five years it has been restoring the women of America to health, until it is now recognized as the standard remedy.

VOLCANO ASAMA YAMA HAS BECOME ACTIVE

Tokio, March 19.—Asama-Yama, a volcano on Hondo Island and ninety miles northwest of Tokyo, has become active. An eruption had been expected for two weeks following rumblings and a flow of hot mud.

With a tremendous roar, the volcano exploded, showering lava rocks three inches thick over nearby towns. Flames leaped hundreds of feet into the air and dense smoke darkened a wide radius. No loss of life is reported. Damage to crops was heavy, according to advices from Kanazawa. One rock the size of a freight car fell in that city.

RECRUITS FOR THE NAVY ARE BEING SOUGHT

Ensign William S. Evatt, of Cincin-
nati, who is in charge of navy re-
cruiting in the Cincinnati district was
a visitor in Xenia Tuesday and while
here he gave out an interview regard-
ing the navy which should be of gen-
eral interest, especially to young men.
In part he said:

"The navy as a career offers many
opportunities that are not generally
known or appreciated. The scarcity
of labor and the high wages during
the war induced many young men who
otherwise would have continued at
school, to accept employment, but now
find themselves idle. Too often this
work was of a highly specialized
character such as the use of an auto-
matic machine tool, so that the ex-
perience gained was of no practical
value when that particular job was
lost. Some of these young men can
afford to return to school, but many
others have neither the inclination nor
the means, and the problem confronts
them as to what they shall turn to.
Many can find answer by consulting
the recruiting officers of the navy.

"In weighing these opportunities,
it must be considered that much more
than the actual cash paid in the navy
is involved. In fact all cash received
actually means wages above the total
necessary expenditures of living. Food
lodging and medical attention are
furnished to every enlisted man with-
out cost; government insurance is
furnished at the actual cost to the
government. Should the young man
elect to remain in the navy for six-
teen to twenty years, he may then go
out of the service with a fair income
for life. One of the most attractive
features is the opportunity to learn
almost any trade by attending one
of the numerous trade schools estab-
lished by the navy. It is by no means
easy to thoroughly acquire a trade
in these days of specialization and in
fact, unless a boy has influence in
some trade either through relatives
or friends, the only way I know to
learn it is by attending some ex-
pensive technical school. In the navy
the young man is not only taught the
trade thoroughly but is paid while be-
ing instructed."

The Navy Recruiting Station, Cin-
cinnati, Ohio, will gladly give any
special information desired. Men who
are interested in these openings will
by writing to this station receive special
attention.

Vigor

SUCCESS IS ACHIEVED
by vigorous men and women.
When one is lacking in strength and endurance,
when good health is wanting, when physical
power is at low ebb, it is impossible to accom-
plish one's work.

One of the causes of ill health and low vitality
is the improper functioning of the kidneys.
Trouble results when they fail to eliminate
waste and poisonous matter from the system,
and rheumatic pains, backache, stiff joints, sore
muscles, and other symptoms quickly follow.

Foley Kidney Pills

banish effects of kidney and bladder trouble by
removing the cause. They are healing and

Pills the greatest medicine for kidney and bladder
trouble I ever used. I recommend them to all
who suffer with kidney and bladder trouble."

CITY MANAGER IS SPEAKER AT TOAST- MASTER CLUB MEETING

The Toastmasters Club met at 6:30
Tuesday evening. The general topic
was "Citizenship." Mayor Tullis
toastmaster of the evening in his
usual clever manner introduced the
speakers with jokes that put spice into
the whole evening. Alfred Arnold
talked on "Our Relations as a High
School to the Community." Harold
Van Pelt's subject was "The Ideal
Fellow" and he covered it well.

City Manager Kenyon Riddell
speaker of the evening gave "A Dis-
cussion on Citizenship." Mr. Riddell
made several good points, he said:
"Collective bargaining was a benefit
to the whole community. For in-
stance if every one hired a man to
haul away ashes it would be a terrible
expense and to better this condition
urged that people co-operate and have
one ash man to serve a community."
He urged the people of this commu-
nity to co-operate to best advantage to
better conditions, he said: "Times are
changing and people ought to have
more confidence in the city adminis-
tration," and stated "if more respon-
sibility is placed on the city officials
they in return should be given more
authority." He asked the boys not to
criticize until they thoroughly under-
stood what was going on. His talk
was very fine and was well received.
The committee in charge were
Marion Eyer, Wendell Morgan, Ray-
mond Snodgrass.

The dinner was served by the girls
of one of Miss Kyle's domestic science
classes. The menu was corned beef
escaloped potatoes, creamed peas, hot
biscuits, peaches and cream and cof-
fee. A business meeting was held and
topics for future meetings were ad-
vanced.

JOHN HUSTON BUYS PROPERTY ON N. DETROIT STREET

Through the agency of John W.
Prugh, John Huston has purchased
the large lot at Detroit and Union
streets, and will build a modern home
on it for his own occupancy within
the near future. The lot has 12 feet
frontage on Detroit street and is an
ideal location. The house now occupy-
ing the lot will be razed.

Mr. Huston recently sold his home
on East Third street to P. H. Flynn.
It will be occupied by George Pills-
bury who is moving into it. Mr. Hus-
ton has moved his family to the D.
W. Cosley apartments on South Gallo-
way street until his new home is
erected.

Through the same real estate
agency the Peter bankard farm of
85.7 acres on the Towler road, has
been sold to David Lucas who has
been living near Spring Valley. Mr.
Lucas will occupy the Bankard place
soon and Mr. Bankard will probably
move to this city.

Mr. Prugh was also instrumental in
the sale of the Mrs. Rose Fisher's
home on East Second street to the
Misses King.

Everyday Etiquette

"What should a young lady say
when called upon and handed a note
of introduction by a young man
from a girl friend? Is it proper to
read it in his presence?" asked Nel-
lie.

"You should invite the young man
in and read it in his presence," said
her aunt. "Then shake hands with
him and say it gives you great pleas-
ure to meet a friend of your friend.
Then introduce him to other mem-
bers of your family."

How Macaroni Got Name.

"The origin of macaroni dates back
to one of the kings of Naples who
constantly taxed the inventive power
of his cook. One day a dish was put
on the king's table, of which he high-
ly approved, and upon inquiry as to
the expense of the new dish, the cook
mentioned a sum which in those days
was thought high; whereupon the king
exclaimed: "Bouni ma caroni!" "Good
but very dear." Hence the name.

field Tuesday morning on his 1600
mile trip advertising war savings
stamps, according to a telegram re-
ceived Tuesday afternoon by Attor-
ney M. J. Hartley, chairman of the
Greene County War Savings Commit-
tee. Weather permitting, he will fly
over Xenia Thursday, and bomb the
town with rubber balls to call the at-
tention of the public to the necessity
of supplying funds to sustain soldiers
until they can be returned to their
homes.

Make Best Use of Time.

Every man has the same chance in
the use of time. One may be faster
than another, but there are usually
compensating conditions that equalize
things. Not always to the swift is
the race. Many a tortoise has beaten
hares in life. It's the use of the hours
that counts. Make the minutes hum
with well directed industry and you
have a profitable life in the making.
It's every man's right to make the
most of himself. He does this by his
use of the minutes.
